"Middle Eastern drones, backwards masking, ethereal chorales, trudging HipHop beats, dropout, whistling kettles, cicadas, self-help mantras about yawning: you know the score." - Peter Shapiro, **The Wire**

"... dreamy psychedelia and narcotic hip-hop result in a timeless, beautifully warped masterpiece that deserves immediate digesting." - M. Tye Comer, **CMJ**

"The hypnotic rhythm of empty streets, visions out the bus window, shadows come alive. Ghost figures spread wheatpaste out like canvas." - Toph One, **XLR8R**
